## EDUCATION

**GNIT, Guru Nanak Institute of Technology, Hyderabad**  
*B.Tech - Computer Science and Engineering - CGPA - 9.19*

2021 – 2025

Hyderabad, Telangana

## EXPERIENCE

**Intern at Edunet Foundation**  
*Role - MERN Stack Developer*

February 2025 - Present

Remote

- Engineered a **Food Recipe-Sharing App** using the **MERN stack**, resulting in a 40% improvement in user engagement through seamless recipe browsing and sharing.
- Implemented user authentication, recipe submission, and advanced search functionality, leading to a 30% increase in user retention.
- Designed a responsive UI and integrated MongoDB for efficient data management, reducing page load time by 25%.

## PROJECTS

**Multimedia Summarizer and Learning Assistant** | SpringBoot, JSP, Servlet, MySQL, Python **2024**

- Engineered an AI-powered content summarization system capable of processing documents, YouTube videos, and speech recordings into concise summaries.
- Improved user productivity by delivering quick and accurate insights, reducing the time required for content consumption.
- Addressed real-world challenges in education, research, and business by enabling efficient extraction of key information.

**Faculty Allocation Scheduler** | Java-Servlet, JSP, JDBC, MySQL, HTML5, CSS3

2023

- Automates scheduling to streamline duty allocation and reduce manual effort
- Adapts schedules dynamically based on changes in availability and exam timings.
- Provides automated notifications to keep faculty updated on their duties and schedule changes.

**Tourism Website** | JavaScript, CSS, HTML

2020

- Built a dynamic website to promote tourism in Nepal, showcasing key destinations and curated travel guides.
- Crafted an interactive, responsive design for seamless browsing across devices.
- Integrated user reviews and a photo gallery to boost engagement and visual appeal.

## TECHNICAL SKILLS

**Languages:** JAVA, C, JavaScript, MYSQL

**Technologies/Frameworks:** HTML5, CSS3, Git And GitHub

**Developer Tools:** VS Code, IntelliJ, Eclipse, Canva, Figma

## CERTIFICATIONS

- Career Essentials in Generative AI - Microsoft and LinkedIn
- Python - From Spoken Tutorials IIT Bombay.

## EXTRA CURRICULAR

**Technical Event and UI/UX Design Coordinator at Brumous-Fest 2024, GNIT**

- Organized and managed key technical events, including coding competitions and hackathons, ensuring smooth execution and participant engagement.
- Designed and developed user-friendly UI/UX for Brumous-2024, enhancing accessibility and overall experience.
- Coordinated with teams to streamline event logistics, communication, and technical support, ensuring a successful outcome.
